***"I recommend it with my whole heart."***

***—Ann Patchett***

*From the author the **Confessions of Max Tivoli**, comes a novel of madcap and heartbreaking intimacy. Arthur Less, a flailing novelist on the cusp of 50, receives an invitation to a wedding of an ex. He can't accept the invitation and face another failure. He can, however, accept every invitation on the literary circuit. He can travel the world, avoid the wedding, and embark on a new chapter..*
